

“ Having an ERP like SAP Business One is the simplest way to achieve full oversight and control. When we finally make the leap into the Cloud, access to our online data will be faster and integrated with our suppliers and customers. ”

Miguel Juliao,
Director of Operations, Interglass.

Crystal Clear Glass and Mirror Solutions with SAP Business One ®

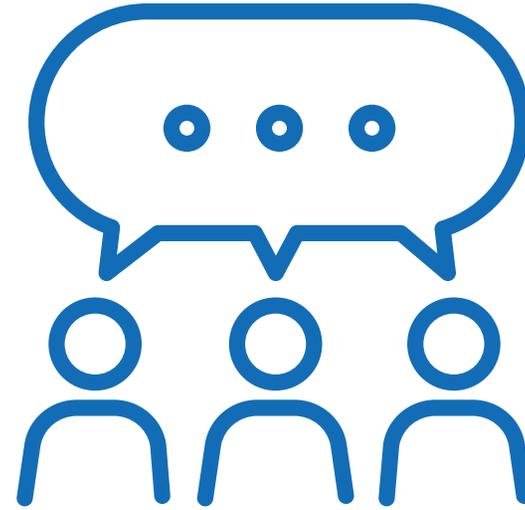

Since its incorporation in 2004, **Interglass** has been dedicated to the wholesale distribution and fabrication of glass and mirror products. With a footprint altogether of 120,000 sq. ft of warehouse space in Miami, their specialized fleet of 23 trucks including knuckle boom trucks, heavy-duty rack trucks, and tractor-trailers they can deliver throughout Florida and neighbor states with our own trucks. From the company's Miami headquarters, glass orders are filled for Florida and the surrounding states as well as the Caribbean Islands and Central America.

Before: 3 Challenges and Opportunities

1

QuickBooks was unable to meet the company's needs, especially for warehouse management.

2

Need for a swift, non-disruptive transition to a new ERP system in less than two months.

3

Desire to prepare for the company's leap into the Cloud for speedier remote access.

Why SAP and Consensus

Solution reputed to be straightforward, user-friendly and reliable.

Easy to integrate with other solutions already in place, such as Shopify (eCommerce).

Partner experienced and poised to extract maximum benefits for the company.

After: 3 Value-Driven Results

1

Traceability and tracking capacity for greater accuracy and transparency.

2

Oversight for invoicing, inventories, and all company operations.

3

Increased system reliability.
